**Chi Chat****News & tips from At Home With Harrah****Make it a Great, Great 2008!**

As the new year takes hold we too become inspired to create something new for our self. With feng shui you can transform your life by transforming your home.

Transformation is a process, not to be rushed, so take your time. Be gentle with yourself and with your expectations of how quickly you can accomplish your goals. Enjoy the journey and watch in amazement as your life unfolds in new and wondrous ways and as wishes come true.

1. Make room in your closet. Fill up one extra large trash bag with out-dated clothing items to be donated to a local charity.
2. Toss out all broken or chipped glasses and dishware.
3. Grab your label maker and prepare your 2008 files. I use purple file folders to remind me of prosperity.
4. Remove all holiday decorations and store until next season. Remember to take down the exterior holiday lights.
5. Write down a list of 10 goals you would like to experience in 2008. Put your written list in a red envelope and place in the top drawer of your nightstand. Prepare to be pleasantly surprised come December 2008.
6. Plants signify growth and abundance. Place a healthy new plant, preferably one with round leaves which signify coins, in a beautiful container in your home or office. For added umph..bury a few coins in the plant soil.
7. Simply start somewhere for 15 minutes. Clean out one drawer, one cupboard, under one sink. And notice how you immediately feel your spirits lift.

**Testimonial from a Feng Shui Certified Consultant:**

"Harrah, I am so grateful for you! Since taking your Feng Shui Certification course and joining At Home with Harrah, I have expanded my life and my income. I have done many things like this and NEVER had such support as I do with At Home with Harrah. It is a totally different angle to the "home party." It's fun! People come to an AHW show just to get a peek at feng shui and how they can take that first step to changing their life and before you know it they are cleaning clutter from their house and their neighbors!! Awakenning the soul is a gift, I thank you!"
